Experience

Freelance

Remote

Front-End Developer

2022 – Present

- **KanbanEase Web Application:** Developed a task management tool using the Kanban method. Built with React and Tailwind CSS, the app features drag-and-drop functionality, offering a modern, intuitive user experience.
- **Custom WordPress Websites:** Created and customized WordPress websites for small businesses, integrating branding elements and ensuring responsive design. Collaborated with graphic designers to align web interfaces with company branding.
- **Interactive Data Visualizations:** Designed and implemented interactive charts and graphs using D3.js, presenting complex data in an easily digestible format.

De Rebaja Tennis

Remote

WordPress Developer

2020 – 2022

- **Custom E-Commerce Website:** Developed and maintained a fully functional e-commerce website for a Colombian footwear brand. Implemented a responsive design to ensure optimal user experience across all devices.
- **Brand Integration:** Collaborated closely with the branding team to integrate design elements, ensuring a cohesive visual identity across the site.
- **Plugin Integration and Customization:** Integrated and customized various WordPress plugins to enhance site functionality, including payment gateways, inventory management, and customer review systems.
